Dear Jiachen,

I am delighted to inform you that the APEX awards committee has selected you to receive \$3,000 towards APEX at Department of Human Genetics, UCLA. This funding is provided to you based on the project that you submitted for review. If your project changes please let me know, as it could impact your funding source.

Your award will be processed and posted directly to your student account for the spring 2024 term. Please check your BruinBill account after June 12 to verify that your stipend has been processed. If you are taking out the maximum amount of loans to over the Cost of Attendance (COA), please note that your loans will be reduced by the amount of the award and you will not receive a refund. This only applies to students taking out the maximum amount of loans. **If you wish to have your funds posted to the summer term instead, please let me know by Tuesday, June 4 at 5pm.** Awards posted to the summer quarter will be available at the end of June.

If you are not already enrolled in direct deposit via the MyUCLA system, I encourage you to do so to expedite the delivery of funds to you. Otherwise, you will receive a check via mail.

I wish you a rewarding and enriching summer APEX experience and hope that you are also able to take some time off for much needed rest.

Good luck with the end of the quarter!

Warmly,
Michelle
